

Green Newsletter

At present Scoil Bhríde is busy working towards achieving our first Green flag for Litter & Waste in conjunction with An Taisce and the Green Schools programme.

The programme involves a whole school approach with specific attention to the school demonstrating litter reduction and prevention on an on-going basis. This improves the environmental quality of the school and the neighbourhood.

The School Committee

The school committee is made up of 24 pupils from 2nd - 6th class and 8 members of the school staff. The committee meets regularly for meetings, progress reports on class activities and discussions on the seven steps.

What our school recycles?

- ❖ Batteries
- ❖ Ink cartridges
- ❖ Stamps
- ❖ Paper
- ❖ Mobile phones

A ***big thank*** as we now have **288** phones for the Jack & Jill charity, so keep bringing them in.

The School Garden

In September 1st and 6th classes harvested the produce from our Spring Garden and displayed it for the school to see and taste!

We then planted our Winter garden, which includes cabbage, spinach and two varieties of onions. We hope they will be as successful as our previous.

Our green-fingered pupils are attending to the garden daily to ensure every success! Keep up the good work Cillian & Shane.

Look what's in the average bin!

<i>Kitchen and Garden waste</i>	35%
<i>Paper</i>	25%
<i>Plastic</i>	11%
<i>Metals & Glass</i>	9% each
<i>The Rest</i>	11%

HALLOWEEN PARADE

Time to get busy making your recycled Hallowe'en costumes and masks.

Thur. OCT 22nd
